

SPECIAL SANSEVIERIA LISTINGS

Since there are so many sansevieria listings I thought it best to create this list. These plants are different than those on the web site listing.....either a much larger size, a special price, a newly offered species or cultivar not on the web site or a one of a kind never to be offered again and not duplicated.

SANSEVIERIA BLOW OUT SPECIALS....everything is growing so fast this season due to the good weather and we need to clear some bench space for new future propagations so below are some great deals.....once they are gone.....BACK TO NORMAL PRICING :
